

Elefante Music & School for the Performing Arts

Professional Agent & Manager Showcase

Many Elefante Performing Arts students work professionally, and are represented by top theatrical agents and managers. Industry professionals are always on the lookout for young talent, and they know that Elefante has a proven track record as an excellent source of well-trained, young performers. As a result, Elefante often receives audition notices and requests from top Broadway and film casting directors. Our New Jersey location makes our students particularly attractive to industry professionals, as proximity to New York City is key for auditioning and performing.

If your student is interested in pursuing a professional career in theater, film, television, and/or commercials, we know how it's done, and we can help.

Students accepted into Elefante's Professional Agent & Manager Showcase classes will prepare material for presentation to top industry experts who represent some of the busiest young performers working today.

The classes will culminate in a showcase where students will meet with agents and managers and receive valuable industry feedback. While there is no guarantee that the meeting will result in professional representation, several of our students have been offered contracts with agents and managers as a direct result of their meetings at Elefante.

If your child is already represented by an agent or manager, this 5-month-long class is still a great opportunity for him/her to perfect audition technique with first-tier training from our expert instructors, and to receive extremely helpful feedback from other industry professionals.

Admission is by audition or invitation only, but don't let that hold you back from applying if your student is new to the performing arts -- particularly if he/she is very young. Auditions are conducted via video. Visit "Elefantemusic.com/Audition" to learn how to prepare and submit your audition video.
